Phone: +234 814 297 1051

Profile

Detail-oriented and motivated web developer with a Bachelor of Science degree in Psychology from Chukwuemeka Odumegwu Ojukwu University. Passionate about leveraging technical skills and creative problem-solving abilities to contribute to innovative web development projects.

Education and Training

Bachelor of Science in Psychology

Chukwuemeka Odumegwu Ojukwu University, Igbariam, Anambra State, Nigeria

Graduation: 2021

Work Experience

Full-Stack Developer

Solution Innovation District (SID), Anambra State, Nigeria

March 2022 - June 2023

- Developed client websites, focusing on both the front-end interface and back-end functionalities.
- Designed and optimized databases to enhance site performance and data integrity.
- Collaborated closely with design and project management teams to ensure seamless integration and project delivery.

Back-End Developer

Netcraft Global Concern, Lagos, Nigeria (Remote, Contract)

June 2023 - Present

- Engineered scalable and efficient backend systems, improving server response times by 20%.
- Spearheaded the development of RESTful APIs, facilitating seamless data exchange between front-end and back-end systems.
- Maintained and updated the company's website, ensuring maximum uptime and data security.
- Mentored junior developers and provided training on best practices in backend development.

Full-Stack Developer & General Tech Specialist

Akubueze Housing Estate, Nkpor, Nigeria (Part-time)

November 2023 - Present

- Developed and maintained a property recording software.
- Managed all tech-related operations, including website maintenance, database management, and graphic design.

Key Achievements

- Automated the entire workflow of Akubueze Housing Estate, significantly improving efficiency and operational processes.
- Secured a partnership with Eazziplug, an eCommerce service owned by Netcraft.

Skills

- **Front-End Development:** HTML, CSS, Bootstrap, JavaScript, React.
- **Back-End Development:** Python, Django.
- **Database Management:** SQL, NoSQL.
- **Version Control:** Git.
- **Problem-Solving:** Strong analytical and troubleshooting skills.
- **Communication:** Excellent written and verbal communication for effective collaboration.

Projects

Successfully developed numerous projects for both employers and personal development, spanning multiple industries. These include complex web applications, dynamic user interfaces, and scalable backend systems, gaining valuable insights and experience in full-stack development.

Certifications

Full-Stack Web Development Certification

Comprehensive knowledge and practical experience in modern web development technologies and methodologies.

Languages

English: Fluent (Strong technical writing and communication skills)
